**LAHAV GIL TO BE FEATURED AT GHBN'S INNOVATION CAFÉ ON SEPTEMBER 22, 2010.**

Kangaroo Design & Innovation's CEO, Lahav Gil, will be one of two featured guests at Golden Horseshoe Bioscience Network's (GHBN) Innovation Café on September 22, 2010, in a discussion around *The Entrepreneur*. Lahav is himself a successful entrepreneur, and has catalyzed and joined forces with several other entrepreneurs toward bringing meaningful medical device and diagnostic innovations to fruition. Lahav finds his passion in helping people, so this opportunity to take part in the forum discussion, passing along his experiences in innovation and development of biotechnology products is likely to be rewarding.

The event will take place at McMaster Innovation Park, 175 Longwood Road South in Hamilton, Ontario. Admission is free and the public is welcome. Please visit [www.ghbn.org](http://www.ghbn.org) to register.
